you avoid or nothing is there as it goes. Marston (read himself) is the
side of a street, with a street and a street in the air, as he goes.

The Arab Binti

By J. RUSSELL WARREN
ILLUSTRATED BY HOWARD ELCOCK

A story of Kipling's East, explaining exactly how and why Lt. Knott's green silk pyjamas came into the possession of Noorudda, daughter of Shah Ali Nosrati.

Fenderson can't identify the sea slug, but she has left and taken it home with her. From the water dock a few feet away, she had just picked up the slug.

Now!—A new way to lighten cloudy teeth

—without bleaching or harsh grit The way fastest, dentists now say

Dr. Lee, they took teeth that look like glass and made them shine like diamonds... This new way to whiten teeth is called Pepsodent's new toothpaste.

Look at your teeth. If they aren't as white as you want them to be, it's time to try Pepsodent's new toothpaste.

It's time to try Pepsodent's new toothpaste. It's the only toothpaste that can whiten teeth without bleaching or harsh grit.

Now, instead of using harsh toothpaste, you can use Pepsodent's new toothpaste. It's the only toothpaste that can whiten teeth without bleaching or harsh grit.

Free trial offer. Try Pepsodent's new toothpaste for 14 days.

Advertisement for Pepsodent toothpaste, including a 'FREE' offer and product image.

exports of the United States. In other words, the United States is buying more of our goods and services than we are buying of theirs. This is a very important fact for Canada, and it is one that we should be proud of.

It is worth noting that the United States is not only our largest trading partner, but also our largest source of capital. This is a fact that we should be proud of, and it is one that we should be able to use to our advantage.

The fact that the United States is our largest trading partner and our largest source of capital is a fact that we should be proud of. It is a fact that we should be able to use to our advantage. It is a fact that we should be able to use to our advantage.

It is worth noting that the United States is not only our largest trading partner, but also our largest source of capital. This is a fact that we should be proud of, and it is one that we should be able to use to our advantage.

Creating Records in Country's Commerce

FOR the year 1925, and indeed, also for 1924, Canada's foreign trade has set new records. The total value of our exports for 1925 was \$2,000,000,000, and for 1924 it was \$1,800,000,000. This is a record for Canada, and it is one that we should be proud of.

The fact that Canada's foreign trade has set new records for 1925 and 1924 is a fact that we should be proud of. It is a fact that we should be able to use to our advantage.

CANADA IS COMING THROUGH !!

STAND BY HER. In YOUR AITH Lies HER STRENGTH

THE PROOF OF THE CASE :—

In 1924:

Dominion Finance:

A young state cannot afford to waste its capital, and it is almost an axiom under existing conditions to balance trade returns as it is to balance the national budget.

Canada did not increase her national debt in 1924. On the contrary by careful financing she had \$35,695,994 to apply to the reduction of her national debt at the close of the fiscal year.

Trade:

Canada more than balanced her trade returns. In the calendar year 1923, the trade balance in her favour was \$224,788,608. For the last twelve months available, ending October, 1924, her trade advantage has jumped to \$270,322,760.

Bank Deposits:

On December 31, 1923, the Canadian people had on deposit in banks (chartered and savings) \$1,274,326,346. This has increased to \$1,274,427,867 by September 30, 1924. Savings deposits in the Ontario and Manitoba Provincial Savings Office systems have increased by over \$10,000,000 during 1924.

Insurance:

Life insurance in force in Dominion companies, which is a barometer of thrift, has gone up from \$2,034,842,848 at the end of 1921 to \$3,433,489,376 at the end of 1923. Fire insurance in Dominion companies, which is an index to property values, has likewise increased from \$6,000,513,852 at the end of 1921, to \$6,713,750,805 at the end of 1923.

Canada is not spending more than she earns—Her dollar is the only currency in the world quoted at a premium over the U.S. dollar since the war.

A Foreign Opinion—

"Fundamentally and basically Canada is in a much more favorable situation than the United States, whose trade deficits are checked with two-thirds of the world's gold supply, and whose minor business downturn during the past year or two have but served to retard progress toward the ultimate goal of general business activity and broad prosperity."

RALPH W. BAKER, Rabson Statistical Service, Boston

Agriculture:

The year's crop, though less than the phenomenal one of 1923, is above the average for the preceding five years (1918-22). A rise in agricultural prices has equalized conditions for the farmer as they have not been in several years past, thus promoting national harmony. The numbers of farms by stock show an increase over last year. The dairying output is mounting rapidly.

Fisheries:

The 1924 catch has been more profitable than that of 1923 by over a million dollars.

Mines:

Production in 1923 was 16 per cent. above that of 1922. In the first half of 1924 the value of minerals produced went up to \$47,000,000, compared with \$39,000,000 in the same months of 1923. The mining industry as a whole will be well above the level of 1923 in 1924.

Railways:

The net operating revenues of Canadian railways showed an increase of over \$2,250,000 in 1924 compared with the preceding year. The Canadian National lines in Canada have increased their net operating revenues in 1924 by over a million and a half.

Building:

The housing scarcity which was so serious as a result of the cessation of building during the war has now been fairly met and the nation is free to earn its capital into more immediately productive channels.

Employment:

Canada began the year 1924 on a considerably lower level than the United States, but has ended the year considerably above the latter. In January, 1924, our index number was 88.7. In November it was 93.6.

A Great Financier's Judgment—

"The name of Canada stands high throughout the world. Its credit is excellent. Its resources and natural advantages are very great. It is producing a fine, steady, outstanding rise of men and women. To be a Canadian, is an excellent trade-mark everywhere. The greatness of Canada's future is beyond question."

OTTO H. KAHN, at the Empire Club, Toronto

Interlake Superfine

a Canadian-Made Crepe of Superior Quality

FROM every conceivable purpose of a beautiful, shape-retaining Crepe Paper, Interlake Superfine is the finest obtainable. Having a strong, close texture, it "holds up" longer and "stays put" so that it assures lasting loveliness in any and all of the innumerable articles in the making of which Interlake Superfine Crepe is used.

It has a texture like silk—soft, rich and lustrous. Uniform color and 100% stretch are other "superior" qualities. It shades off almost imperceptibly from complexion to complexion and decorative effects. Interlake Superfine Crepe can be easily fashioned into many novelties of beauty and usefulness—Flowers, Lamp Shades, Boppers, Baskets, etc., etc. In fact, Fancy Crepe. An endless range, an atmosphere of glamour can be given to private homes or entertainment hall.

Interlake Superfine Crepe can be had in any quantity, protective holders—100 feet of each paper that can be stretched to double its length and shaped into intricate patterns. For separate values, ask your dealer for "Interlake Superfine Crepe."

Our Guarantee
We Guarantee Quality. If you cannot see with Interlake Crepe, ask your dealer for a sample. Interlake Crepe, when you see it, you will see it. Interlake Crepe, when you see it, you will see it.

Women and their Work

Martha Ostenso, Prize Novelist

By MORRIS COLMAN

IN 1929, when she was 40, Ostenso wrote a book called *The House of Mirth*. It was a book about a woman who was a socialite in New York City. The book was a success, and it was one of the first books to be written by a woman about a woman's life.

Canada's most famous novelist, when a few weeks ago a news despatch stated that Martha Ostenso, of Winnipeg, had won a literary prize of \$25,000. But it's all true. Here is her life story.

She was born in 1891 in Winnipeg, Manitoba. She was the daughter of a farmer. She was a very successful writer. She was a very successful writer. She was a very successful writer.

She was a very successful writer. She was a very successful writer. She was a very successful writer. She was a very successful writer.

She was a very successful writer. She was a very successful writer. She was a very successful writer. She was a very successful writer.

Martha Ostenso, winner of one of the biggest literary prizes ever awarded—\$25,000. She had money given in 1979 for her novel *The House of Mirth*. She is living in present in New York.

To Prevent Chopping

CHANGING FROM THE OLD TO THE NEW IS A BIG TASK. IT IS A TASK THAT MUST BE DONE. IT IS A TASK THAT MUST BE DONE. IT IS A TASK THAT MUST BE DONE.

Staying Power!

ON THE hockey rink, the athlete prepares himself for staying power. He develops himself to the maximum of efficiency. He makes of his body a veritable storehouse of energy so that he will be "there" when he is needed.

The athlete daily uses the foods which give him the greatest amount of energy without taxing his digestive system. So should you. Grape-Nuts is the food you should eat every day. You need the nourishment that wheat and malted barley give, the vitality and strength of phosphorus and iron, the luxurious bran from the whole wheat flour.

Ask your grocer to send you Grape-Nuts. Eat it tomorrow. Fast a responsible with cream. It will be sufficient for each day. Add sugar if you wish. You'll find a new staying power through your vitamin-a new feeling of strength and vigor that will carry you through each day always at your best.

"There's a Reason"

MAL-NUTRITION

Warning to the mother of young children, Malnutrition is a danger to the health of the nation. It is the cause of many of the diseases which afflict our children.

As long ago as the middle of the last century, the great physiologists of the time showed that the health of the nation depended on the health of the mother. It was then that the first of the great health reformers, Dr. J. C. Kellogg, began his work to bring about a better state of health for the mother and her children.

Dr. Kellogg's work was to bring about a better state of health for the mother and her children. He was the first to show that the health of the mother and her children was the key to the health of the nation.

How Can We Raise Money for Our Church?

by CHRISTOPHER R. S. PRINGLE

The second of a series of two articles on this subject.

WHAT can we give the church? It is a question that every church member should ask himself. The answer is not in the amount of money given, but in the quality of the service given. The church needs more than money; it needs the service of its members.

Dr. Chase's Nerve Food is a powerful tonic for the nervous system. It is made from the most potent nerve foods available. It is the only nerve food that has been shown to be effective in the treatment of nervous system disorders.

These are the only ways in which we can raise money for our church. We must first of all have a good service. We must then have a good fund-raising campaign. We must then have a good fund-raising campaign.

Health and Happiness in Your Family Depend on Internal Cleanliness

HAPPY is the mother who sees her family buoyant with health. For health is essential to happiness. The healthy person is promised a life complete in usefulness and enjoyment.

Guard Your Children

The mother must take systematic measures to prevent constipation in her children. Headache, fretfulness, loss of appetite, coated tongue, etc., all indicate that clogging is present and that poisons are saturating the body.

The health of your children, husband and yourself is dependent upon *internal cleanliness*—freedom from constipation. From a clogged intestinal system to chronic disease is only a step, says a famous medical authority. There are intermediate periods with minor accompanying disorders. But only a short time carries you from the first attacks of constipation, with its resultant poisoning of the body, to serious, even vital diseases. Furthermore, these poisons flowing through the system lower your resistance, and you also become an easy prey to contagious diseases.

Value of Internal Cleanliness

Physical and mental well-being are the rewards of internal cleanliness. Parents and children alike can establish sound health by

acquiring this priceless habit through the regular use of Nujol. Nujol is not a medicine or laxative and cannot gripe. Like pure water it is harmless.

Nujol maintains internal cleanliness by lubrication. It lubricates and softens the food waste and hastens its passage through and out of the body. Nujol thus prevents the formation of poisons in the intestine. Physicians recommend Nujol not only as the best method for overcoming constipation, but as the most effective means of preventing it.

Make health and happiness easy. Have your family take Nujol as regularly as they wash their faces or brush their teeth. Nujol promotes the habit of internal cleanliness—the healthiest habit in the world. Nujol is used in leading hospitals and is prescribed by physicians throughout the world for the relief of faulty elimination in people of all ages. Keep a bottle of Nujol always in the bathroom cabinet. For sale by all druggists. Made by Nujol Laboratories, Standard Oil Co. (New Jersey).

For Internal Cleanliness

C. Houston Goudis, National Authority on Food and Nutrition—

At least three-fourths of the men, women and children in this land are more or less handicapped in health by a clogged intestine. Unless this important channel is kept clear, the waste that accumulates is bound to breed poisons which not only weaken the system but pave the way to nearly every known disease.

The easiest and pleasantest way to keep the intestine in proper working order is to use a lubricant.

A lubricant is an undiluted natural product which has the rare virtue of doing the work for which it is intended without in any way affecting, or interfering with the normal functioning of the human system.

A Famous Specialist—

So great is the misery produced in adult life by constipation, that if this condition can be prevented or overcome in childhood, we shall see fewer chronic invalids, dyspeptics and neurotics.

Director of Health Sanitarium—

The chronic fatigue from which thousands suffer at times, if not constantly, is rarely due to overwork, says the head of one of our largest sanitariums and health resorts. The real cause is, in most cases, to be found in the large intestine. The purification of food residues remaining after they should have been dismissed from the body, results in the production of fatigue poisons, the absorption of which produces a sense of exhaustion and impatience in brain, nerve and muscle.

An Insurance Medical Director—

Side by side with long continued overfeeding as a cause of ill health and untimely death, is constipation, says the medical director of a large insurance company. The slowing down of the flow through the large intestine lies at the bottom of most physical troubles of adult life. To relieve this condition a lubricant affords a great deal of relief. It acts entirely mechanically, lubricates and protects the walls of the intestine.

Nujol is a lubricant, not a laxative—

Laxatives and cathartics provide temporary relief only, at the expense of more serious harm to your health, says a noted intestinal specialist. He goes so far as to say, "Nothing is so bad as the chronic use of laxative drugs. Their continued use tends only to aggravate constipation and often leads to permanent injury."
